To whom it may concern:

It has been my pleasure to work with Jeff Dallenbach and Cheryl Cole for over a decade on many projects. The team at Dallenbach-Cole Architecture (previously Archcon Architecture) has earned our repeat business by consistently adding value to our projects through hard work and thoughtful design.

I have had the opportunity to work with many architects during my career. They tend to be either talented designers or talented production architects good at putting together detailed construction plans. It is difficult to find an architect capable of simultaneously creating great design and producing thorough plans. Jeff and his team are extremely rare in that they can accomplish both facets, while also considering impacts to construction cost.

In addition to the quality of their work, I have always respected Dallenbach-Cole conducts business with integrity and professionalism. They take pride and ownership in their work. They have always been direct and transparent with communication. They understand the importance of client confidentiality and honor it accordingly.

If you would like to speak with me personally about my experience working with Dallenbach-Cole Architecture, please don't hesitate to contact me.

Sincerely,

Clint Wynn
